

Liquid fill

My partners in the liquid fill arena are wide ranging with their capabilities. We can handle hot or cold fill projects.

Machines at my disposal are:

Multi head piston fillers, multi head volumetric fillers, stick pack, portion control cups, horizontal seal (bartelt)

We can do as small as 1oz portion control cups up to 36 oz bottles

Examples of liquid items include the following:

sauces, oils, pastes, marinades, honey, energy shots, dressings, liquid soap, hand sanitizer

The perfect package
