

Dry fill:

We have numerous packaging and fill options for dry ingredients at my facilities.

Machine capabilities include the following:

VFFS, Horizontal pouching with 3 or 4 sided seals, pre-made pouches, Augers/scales for powders into pouches, zippered pouches, stand up gusseted pouches, stick pack, bag in a box, direct fill cartoner.

We can also pack into glass or PET bottles with sizing ranging from .05/oz up to 32oz. We have access to 1500 lbs ribbon blender and ability to package bulk dry ingredients for the food service industry.

Examples of dry ingredients include the following: seeds, sugars, flour, grains, granola, pastas, rice, trail mix, gummies, syrups, cake mixes, powdered drinks, spices, pet foods.

The perfect package
